

### GENERAL INFORMATION

Libor Novacek has been compared to the great maestros, such as Arrau and Kempff, and his music described as one of 'exceptional poetic verve and inwardness'. His Liszt CD (Landor Records) was selected as an Editor's Choice in Gramophone Magazine (October 2007). His latest CD featuring music by Brahms was released in September 2008 and has received rapturous reviews such as that of BBC Music Magazine, which named it 'Instrumental choice' in its September 2008 issue.

### QUOTE

*"This is big-boned playing, very Romantic and covering a huge dynamic and emotional range. The high point comes, however, with Novacek's performance of the op 117 Intermezzos, which are heartbreaking in their quiet intensity."*

**The Guardian**
